

CONSULTANT LISTING FOR R3 2017-2018

The eleven consultants listed here have indicated their interest in being considered as a resource to applicants as they seek expertise for their proposed R3 project. Grantees may elect to contract with one of the consultants listed below or with one of their own choosing. *The Foundation does not endorse any particular consultant and no special preference will be given to applicants using consultants on this list.*

Applications will be evaluated, in part, on the match between the experts proposed and the project being described in the application. Therefore, we strongly urge you to review firm qualifications via their websites and to contact experts with whom you might like to work before submitting your application to see if their capabilities are a good match for your project needs. The firms on the list have agreed to be available to applicants for these inquiries and have indicated their willingness to contract with R3 grantees on funded projects.
